    - Design is 95 percent done
    - Add work to MAI existing contract – MAI is aware of this.
    - There are items not part of the original contract – Tim is sending to Lance & Bob

### 3. Sampling Update

- a. H2S Levels at Bennet have come back down to less than 10 ppm average
- b. Reduce sampling points
  - Received since 1/26/2017
  - Been 10-15ppm at Bennet Lift station.
  - Narrowing down to 4 sampling points on 2/1/2017

### 4. Big Ox Status Report

- Asked: Sulfide testing, chemical feed is working? With all indications, it is working well
- Continue to support residents in hotels & continuing stay till 2/7/17. Sending out letters to residents that this will be the last extension (advised the residents with the lawyer – to maybe send the letter to the lawyer and keep contact with those residents to minimum)

### 5. Sioux City Status Report – No one on frim this call

### 6. Public Relations

- a. 10:30 meeting today
  - Once all the results come back from Aaron I test, want to put together a message to send out

### 7. Other Issues

- a. SO<sub>2</sub> testing
- b. Sheet Rock testing-test results are back, Fire Chief Clint M will contact owners individually with the results.

- Resident called from 33## Lemesa – with sewer odor complaint (out of the affected area)
- CTS (certified testing service) is down near the Temporary pump station -geotechnical survey
